

SA Football Facilities Fund Application

Form Preview

Introduction

The **South Australian Football Facilities Fund** provides funding to assist local governments, Australian Rules football clubs, umpiring associations, schools and tertiary education institutions to develop Australian Rules Football facilities across South Australia.

The aim of the program is to:

- Provide fit for purpose, inclusive and accessible facilities that cater for the diversity of participants, particularly all genders and all-ability participants, that wish to participate in our game
- Maximise available carrying capacity of existing venues and the quality/functionality of supporting infrastructure
- Develop increased supply through construction of new ovals, especially in growth areas
- Develop venues to support high performance and talent pathways for players and umpires
- Provide welcoming and functional facilities that enhance the experience for volunteers and spectators

Strategic Alignment & Eligible Project Types

The SA Football Facilities Fund will provide funding to applicants that support the provision of well positioned, welcoming, accessible, fit for purpose football facilities that support our game's growing participation base.

Applications should demonstrate how the project will achieve some or all the following strategic priorities:

- Provision of all gender changerooms for all those that participate in football – players, officials and umpires
- Provide welcoming and functional facilities that enhance the experience for volunteers and spectators and encourages broader community use and shared opportunities
- Increase the provision of quality lighting on ovals to deliver greater participation opportunities
- Identify projects where carrying capacity can be increased by upgrading playing surfaces through improved drainage, irrigation and turf management
- Support the provision of multi-purpose and functional facilities that support club culture and sustainability, including the use of modular buildings
- Provide State League Venues with facilities that meet the needs required to facilitate participation pathways, including high performance

Examples of potential projects include but are not limited to:

- Building new or refurbishing existing changeroom amenities in line with the AFL Preferred Community Facility Guidelines
- Upgrading the quality of oval lighting to enable effective use of oval during training and provide an option to schedule night-time matches
- Improving surface quality by upgrading drainage, irrigation and grass coverage so as to create a healthy surface that can withstand increased demand as team numbers and oval utilisation grows

Form Preview

- Installation of new goal posts and/or and behind goal netting to improve match day efficiency and spectator safety
- Supporting infrastructure such as goal posts, behind goal netting or electronic scoreboard to improve match day efficiency, spectator safety and volunteer conditions

Additional Considerations

- Applicants should make contact with the SANFL Infrastructure and Government Relations team to discuss project ideas and seek advice into the planning and design of facilities
- Projects must adhere to the AFL Preferred Community Facility Guidelines
- Applicants are encouraged to explore funding models that demonstrate stakeholder engagement and commitment to the project
- Projects planned in functional, self-contained stages are eligible
- Projects on school/tertiary institution land are eligible subject to a long-term Joint Use Agreement being in place
- Applicants must demonstrate landowner's permission to undertake the proposed project (unless the applicant owns the land)

- ☐ Goal Posts/Backing Nets

At least 1 choice must be selected.

Provide a brief description of your project, describing the actual works associated with the project *

Word count:

No more than 100 words

Why is this project required?

Describe how it responds to identified community needs, issues and addresses a gap in local facilities. Provide evidence of how the project is strategically supported by local or regional planning and the SANFL Infrastructure Plan 2022-2032. *

Word count:

No more than 250 words.

Who will be involved?

Will the project be managed by an appropriately qualified team? *

Word count:

Must be no more than 100 words.

In list form, please name stakeholders involved in your project *

ie: local government, clubs, and/or other sporting and community groups at the site

What are the outcomes or status of the consultation undertaken with project stakeholders including SANFL, local governments/clubs, and/or other sporting and community groups at the venue? *

Venue Access

Please describe how the venue is currently utilised by the club or other relevant football stakeholders. *

Word count:

Must be no more than 100 words.

Who uses the venue, how often and for what purpose (ie: training, home matches, overflow fixturing for other clubs etc)

How many months does football currently have access to this location? *

Must be a number.

Please provide exact number of hours the oval is used for football per week *

Must be a number.

Please provide estimated number of hours the oval will be used for football per week after the project is completed *

Must be a number.

Additional hours of use the project has generated

This number/amount is calculated.

Please outline any other venue/facility user and their estimated usage *

ie: cricket club

Outcomes

How will this project improve the experience and utilisation of the venue for Australian football users? *

Word count:

Must be no more than 150 words.

How does the project encourage the broadest possible community participation in football, social connection and health and wellbeing? *
